1.Scope, Purpose and Aims

- 1.1 The purpose of this policy is to ensure every child who is a pupil at our school is safe and protected from harm.
- 1.2 Safeguarding and promoting the welfare of children is everyone's responsibility.
- 1.3 This policy therefore applies to all school staff including supply staff, agency staff and volunteers and gives clear direction on how to safeguard children effectively.
- 1.4 This policy aims to give clear direction to all staff, governors and parents about our moral and statutory responsibilities to safeguard and protect children.
- 1.5 Our school is committed to ensuring that those children who are at risk of, or experiencing significant harm or abuse, are supported and that swift and effective action is taken to ensure they are protected.
- 1.6 Our school fully recognises the contribution it can make to safeguarding and protecting children from harm through prevention, support and protection.
- 1.7 This, and associated policies, will be reviewed annually (as a minimum) and updated if needed, so that they are kept up to date with safeguarding issues as they emerge and evolve, including lessons learnt.
- 1.8 This policy will be available publicly via the school website and paper copies can be provided upon request.

2.Definitions

2.1 **Safeguarding** is defined as:

2.2 **Child Protection** is part of safeguarding and promoting welfare. This refers to the activity that is undertaken to protect specific children who are suffering, or are likely to suffer, significant harm.

2.3 **Abuse** is defined as a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Harm can include ill treatment that is not physical as well as the impact of witnessing ill treatment of others.

3. Ethos and Culture of Safeguarding

- 3.1 Everyone at our school will endeavour to create and maintain an ethos where pupils feel valued, respected and secure.
- 3.2 Children are encouraged to communicate freely with any member of staff about any concerns or worries they may have. They will be listened to and supported in a way that is appropriate to their level of need.
- 3.3 We recognise that staff at our school play a particularly important role in safeguarding as they are in a position to identify concerns early and therefore prevent concerns from escalating.
- 3.4 Staff will therefore maintain an attitude of 'it could happen here' where safeguarding and abuse is concerned and demonstrate professional curiosity.
- 3.5 School will have a clear set of values and standards, upheld and demonstrated throughout all aspects of school life.
- 3.6 All stakeholders will contribute to a whole school approach to safeguarding that creates a culture of zero tolerance for sexism, misogyny/misandry, homophobia, biphobia and sexual violence/ harassment.
- 3.7 Governing bodies and proprietors will create a culture that safeguards and promotes the welfare of children in their school.
- 3.8 Leaders will create the right culture and environment so that staff feel comfortable to discuss matters which may have implications for the safeguarding of children, both within, and outside of the school or college.
- 3.9 Governors and leaders will create and embed a culture of openness, trust and transparency in which the school's or college's values and expected behaviour set out in the staff code of conduct are lived, monitored and reinforced constantly by all staff.
- 3.10 There will be a culture that makes clear that there is a zero-tolerance approach to sexual violence and sexual harassment and that it is never acceptable, and it will not be tolerated.

4. Curriculum

- 4.1 Children will be taught about how to keep themselves and others safe, including online.
- 4.2 Our curriculum will be tailored to the specific needs and vulnerabilities of individual children, including children who are victims of abuse, and children with special educational needs or disabilities (SEND).

All secondary age pupils will receive Relationship and Sex Education which includes explicit, age-appropriate teaching about healthy and respectful relationships, boundaries, consent and self-esteem and body image. - 4.4 All pupils will receive Health education which teaches them how to keep physically and mentally healthy.
- 4.5 This education will be fully inclusive and developed to be age and stage of development appropriate (especially when considering the needs of children with SEND and other vulnerabilities).

- 4.6 When planning the curriculum, online safety should be considered as part of a whole school approach to keeping children safe online.
- 4.7 LGBTQAI+ inclusion is part of the statutory Relationships Education, Relationship and Sex Education and Health Education curriculum and should therefore be included.
- 4.8 We actively promote the Fundamental British Values (FBV) of democracy, rule of law, individual liberty, mutual respect and tolerance of those with different faiths and beliefs throughout our curriculum.

9. Procedures & Referrals

- 9.1 In addition to general duties and responsibilities to safeguard and protect children, there are certain circumstances where a specific procedure is required.
- 9.2 **Child Protection**

Under section 47 (1) of the Child Act 1989, Local Authorities, with the help of other organisations as appropriate, have a duty to make enquiries under section 47 of the Child Act 1989 if they have reasonable cause to suspect that a child is suffering, or is likely to suffer, significant harm.
- 9.3 If, at any point there is a risk of immediate serious harm to a child a referral should be made to the police or the MASH immediately. Anybody can make a referral.
- 9.4 **Referral to Children's Social Care MASH BwD 01254 666400**

[Multi-Agency Safeguarding Hub \(MASH\) | Blackburn with Darwen Borough Council](#) Complete the Request for Service Form
- 9.5 A professional making a child protection referral under S47 must provide information that highlights what the child's unmet needs (underlying risk factors) are as well as high risk indicators that potentially identify the child may be suffering or likely to suffer significant harm.

9.6 If the child's situation does not appear to be improving the staff member with concerns should press for re-consideration.

9.7 **Consent from Parents/ carers**

The school will normally seek to discuss any concerns about a pupil with their parents/ carers if it is safe to do so and ask for consent to share information and concerns with other agencies e.g. the MASH. Tell them what information you are going to share, who with and why you think it is the right thing to do.

Where the child is in the care of the local authority the DSL should liaise with the Designated Teacher regarding relevant consents/ contacts. In the event of any safeguarding concerns arising for children with an allocated social worker the allocated social worker/ team manager would be contacted in the first instance to share these concerns.

(consent is not required if the DSL is requesting advice from the MASH without sharing any information about the child/ family involved).

However, if the DSL believes that informing parents would increase the risk of harm to the child or put anyone else at risk, or cause an unjustifiable delay in making the referral, advice will first be sought from Children's Social Care (particularly if the disclosure is sexual abuse, forced marriage, under the PREVENT Duty, Female Genital Mutilation or Fabricated and Induced Illness FII).

In Summary

You need consent to:

- Make a referral or request for a service to another agency or arrange a multi-agency meeting
- Consult with other agencies about a family to help you to determine what support they might need where you are sharing their personal details.

You do not need consent to:

- Have a conversation with the Multi-Agency Safeguarding Hub (MASH) or Designated Safeguarding lead within your organisation where you do not share identifiable details of the family.

You do not need consent, nor should you delay, but should, wherever possible, inform the family when:

- You are concerned that a child/ young person, family member or other person has come to, or is likely to come to significant harm and you need to share this with other agencies so that they can take steps to ensure their safety.

9.8 **Allegations**

All concerns or allegations against those working in or on behalf of schools and colleges in a paid or unpaid capacity (this includes, members of staff, supply teachers, volunteers and contractors) should be reported to the headteacher, or, where the headteacher is the subject of an allegation, the chair of governors or chair of the management committee and in an independent school it will be the proprietor.

9.9 Before contacting the LADO, schools and colleges should conduct basic enquires in line with local procedures to establish the facts and to help them determine whether there is any foundation to the allegation, being careful not to jeopardise any future police investigation.

[Allegations Against Staff or Volunteers](#)

9.10 **Referral to the Local Authority Designated Officer**

Safeguarding & Child Protection Policy Newfield School 2025-26

'Newfield School is committed to safeguarding and protecting the welfare of children and vulnerable adults as it's number one priority. This commitment to robust recruitment, selection and induction procedure is shared by all staff and volunteers of Newfield School.'

The Headteacher and /or Chair of Governors must discuss allegations with the Local Authority Designated officer (LADO)

9.11 **Low-Level Concerns**

Concerns about conduct which do not meet the harm threshold must still be referred to the school DSL/ headteacher in a timely manner. Low level concerns should be recorded in accordance with Newfield's Low Level Concerns Policy.

9.12 **Referral to the DBS (Disclosure and Baring Service)** must be made if a person in regulated activity has been dismissed or removed due to safeguarding concerns or would have been had they not resigned. This is a legal duty and failure to refer when criteria are met is a criminal offence.

9.13 **FGM Mandatory Reporting Duty**

There is statutory duty upon teachers that they must report to the police cases where they discover that an act of FGM appears to have been carried out. It will be rare for teachers to see visual evidence of FGM, and they should not be examining pupils or students, but the same definition of what is meant by "to discover that an of FGM appears to have been carried out" is used for all professionals to whom this mandatory reporting duty applies.

Female Genital Mutilation

9.14 **Referral to Prevent and Channel Panel**

The designated safeguarding lead (or deputy) will consider a referral to Prevent when there are concerns about a child being radicalised.

Radicalisation, Terrorist and Extremist Ideology

10. Record Keeping

10.1 An important part of safeguarding is ensuring that detailed, accurate and secure written records of concerns and referrals are kept.

10.2 The record keeping systems used in our school are: **CPOMS, IRIS and individual child chronologies.**

10.3 Staff will receive relevant information and training at induction and when required that enables them to use the school's record keeping system effectively.

10.4 All safeguarding and child protection concerns, discussions and decisions made and the reasons for those decisions, will be recorded on **CPOMS** (safeguarding, health, disclosures, incidents for pupils) and **IRIS** (behaviour for pupils and accidents for both pupils and staff)

10.5 Records should include: -

- A clear and comprehensive summary of the concern
- Details of how the concern was followed up and resolved
- A note of any action taken, decisions reached and the outcome
- Pupil voice where appropriate

10.6 Child Protection records are normally exempt from the disclosure provisions of the Data Protection Act, which means that children and parents do not have an automatic right to see them.

- 10.7 If any member of staff receives a request from a pupil or parent to see child protection records, they will refer the request to the Head Teacher or DSL.
- 10.8 Child protection information will be stored and handled in line with guidance from the [Information Commissioner's Office - GOV.UK](#) and the UK GDPR requirements.
- 10.9 If in doubt about recording requirements, staff will discuss this with the designated safeguarding lead (or deputy).
- 10.10 Where children leave the school or college, the designated safeguarding lead will ensure their child protection file is transferred to the new school or college within 5 days for an in-year transfer or within the first 5 days of the start of a new term to allow the new school or college to have support in place for when the child arrives.
- 10.11 Confirmation of receipt of the child protection file should be obtained and retained by the school the child has left.

11. Information Sharing

- 11.1 Early Information sharing is vital for the effective identification, assessment, and allocation of appropriate service provision, whether this is when problems first emerge, or where a child is already a child in need, a child with a protection plan or a looked after child.
- 11.2 Staff will not assume a colleague, or another professional will act and share information that might be critical in keeping children safe.
- 11.3 Staff will only discuss concerns with the Designated Safeguarding Lead, Headteacher or chair of Governors (depending on who is the subject of the concern). That person will then decide who else needs to have the information and they will disseminate it on a 'need-to-know' basis.
- 11.4 Where children leave school, the designated safeguarding lead will consider if it would be appropriate to share any information with the new school or college in advance of a child leaving.
- 11.5 [Information sharing advice for safeguarding practitioners - GOV.UK](#) supports staff who have to make decisions about sharing information.
- 11.6 It is recommended that education professionals read [Data protection in schools - Guidance - GOV.UK](#) It is aimed at staff, governors and trustees, and sets out how to: comply with data protection law; develop data policies; understand what staff and pupil data to keep; and prevent personal data breaches.
- 11.7 DPA and UK GDPR **do not** prevent the sharing of information for purpose of keeping children safe and promoting their welfare.
- 11.8 Fears about sharing information **must not** be allowed to stand in the way of the need to safeguard and promote the welfare of children.

12. Children potentially at greater risk of harm

Whilst ALL children require safeguarding and protecting, some groups of children, are

Potentially at greater risk of harm than others.

- 12.1 **Children who need a social worker (Child in Need and Child Protection Plans)** where children need a social worker, this should inform decisions about safeguarding and about promoting welfare.

12.2 Children missing from education and children absent from school/college

- It is recognised that when children go missing from education, particularly with unexplained and/or persistent absences, this can act as a vital warning sign to a range of safeguarding issues including neglect, child sexual and child criminal exploitation – particularly county lines.
- When a child goes missing from education, local CME procedures will be followed to safeguard the child and help prevent the risk of them going missing in the future.
- Further information, guidance and the local procedure for referring CME is available within the school attendance policy, or from the attendance officer/lead.

12.3 Children who are absent for repeated or prolonged periods of time can be at risk of a range of safeguarding possibilities. Further information and guidance to improve attendance can be found in [Working together to improve school attendance - GOV.UK](#) to support early intervention and prevent the child going missing in the future.

12.4 Elective Home Education (EHE)

- Home education can mean some children are less visible to the services that are there to keep them safe.
- Leaders including DSLs and deputies will familiarise themselves with DfE guidance [Elective home education - GOV.UK](#)
- Where a parent/ carer has expressed their intention to remove a child from school with a view to educating at home, the DSL will be informed and will endeavour to co-ordinate a meeting with the LA and other key professionals and parents/ carers where possible.
- This is particularly important when the child has special educational needs or a disability, and/or has a social worker, and/ or is otherwise vulnerable.

12.5 Children requiring mental health support

- Mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation
- Staff will recognise and respond to indicators that a child may require mental health support and alert DSLs as with any other safeguarding concern
- DSLs will be aware of and source appropriate mental health support using referral systems and escalation where necessary.

12.6 Children looked After and Children Previously looked After

- We ensure that staff have the skills knowledge and understanding to keep children looked after and children previously looked after safe.
- We promote the educational achievement of registered pupils who are looked after, by working with the local authority and appointing a designated teacher for these children.

12.7 Children who are lesbian, gay, bi or trans (LGBTQAI+)

We endeavour to reduce the additional barriers faced by children who are LGBTQAI+ and provide a safe space for them to speak and share their concerns with a member of staff.

[Guidance for Schools and Colleges: Gender Questioning Children](#)

12.8 Children with special educational needs and disabilities (SEND)

We recognise that children with special educational needs or disabilities (SEND) or certain medical or physical health conditions can face additional safeguarding challenges both online and offline. Such barriers include:

- Assumptions that indicators or possible abuse such as behaviour, mood and injury relate to the child's condition without further exploration
- Being more prone to peer group isolation or bullying (including prejudice-based bullying) than other children
- Being disproportionately impacted by behaviours such as bullying, without outwardly showing any signs
- Communication barriers and difficulties in managing or reporting these challenges.
- Cognitive understanding – being unable to understand the difference between fact and fiction in online content and then reporting the content/ behaviours in schools or colleges or the consequences of doing so

12.9 We therefore consider extra pastoral support and attention for these children, along with ensuring any appropriate support for communication is in place.

12.10 DSLs Liaise with relevant staff, in particular the SENCO when there is a safeguarding concern or a child with SEND.

13. Child-on-child abuse

13.1 All child-on-child abuse is unacceptable and will be taken seriously by all staff.

13.2 Child-on-child abuse is most likely to include, but is not limited to:

- Bullying, including online, prejudice-based and discriminatory bullying.
- Abuse in intimate personal relationships (teenage relationship abuse)
- Physical abuse which can include hitting, kicking, shaking, biting, hair pulling or otherwise causing physical harm
- Initiation/ hazing type violence and rituals
- Sexual harassment, such as sexual comments, remarks, jokes and online sexual harassment
- Causing someone to engage in sexual activity without consent
- Consensual and non-consensual sharing of nude and semi-nude images
- Upskirting, which typically involves taking a picture under a person's clothing without their permission

13.3 At this school we minimise the risk of child-on-child abuse by:

- Developing and maintain respectful and trusting relationships with all children
- Developing and delivering a curriculum that educates children about safe and healthy relationships and behaviour
- Creating a culture with a zero-tolerance approach to abuse
- Never accepting harmful behaviour as 'banter', 'just having a laugh', 'part of growing up' or 'boys being boys' and never reinforcing harmful gender stereotypes.
- Challenge inappropriate behaviours between children in accordance with our behaviour and anti-bullying policies

13.4 Children can confidently report any form of abuse, including abuse from peers by speaking with any adult in school or by other means – **add in here any other reporting systems for children e.g. worry boxes, online reporting etc**

13.5 Particular consideration will be given to how children with SEND are able to report concerns

- 13.6 We recognise that even if there are no reported cases of child-on-child abuse, such abuse may still be taking place, and all staff will maintain an attitude of 'it could happen here' with regards to child-on-child abuse.
- 13.7 All victims of child-on-child abuse will be reassured that they are being taken seriously.
- 13.8 All adults in school take concerns and allegations of child-on-child abuse seriously and will refer the concern to the DSL (or deputy) as soon as practically possible.
- 13.9 All staff will record the concern or allegations of child-on-child abuse using the school's record keeping system.
- 13.10 DSLs will provide the initial response to any allegations of child-on-child abuse by speaking with the victim/s and alleged perpetrator/s and make clear records of their conversations/ investigations
- 13.11 When an allegation of sexual violence or harassment is made the designated safeguarding lead (or deputy), will consider the following:
- Informing parents or carers (unless this would put the victim at greater risk)
 - A referral to local authority children's social care if a child is at risk of harm, in immediate danger, or has been harmed, and
 - When a report of rape, assault by penetration or sexual assault is made, this should be referred to the police.
- 13.12 When there has been a report of sexual violence, the designated safeguarding lead (or a deputy) will make an immediate risk and needs assessment.
- 13.13 When there has been a report of sexual harassment, the designated safeguarding lead will consider whether a risk assessment is required
- 13.14 Risk assessments will be documented and kept under review
- 13.15 The designated safeguarding lead (or deputy) should engage with local authority children's social care and specialist services as required
- 13.16 In cases of consensual and non-consensual sharing of nude and semi-nude images and/or videos, the key consideration is for staff **NOT** to view or forward such images of a child
- 13.17 Staff should follow the guidance [Sharing nudes and semi-nudes: how to respond to an incident \(overview\) \(updated March 2024\) - GOV.UK](#)
- 13.18 The designated safeguarding lead will liaise with relevant staff and agencies to assess the level of support required for victim/s, alleged perpetrator/s and any other children affected. This may include:
- Internal Pastoral support
 - Early Help Assessment
 - Referral to specialist services such as Local Authority Children's Social Care

14 Online Safety

- 14.1 It is essential that children are safeguarded from potentially harmful and inappropriate online material.
- 14.2 We recognise that there are unique risks associated with online safety and the designated safeguarding leads have the relevant knowledge and up to date capability required to manage such risks.

- 14.3 Through our broad and balanced curriculum, children are taught about safeguarding, including in relation to online safety.
- 14.4 Online safety is a running and interrelated theme in our whole school approach to safeguarding, including training for staff.
- 14.5 There are effective mechanisms in place to identify, intervene in, and escalate any online safety concerns.
- 14.6 There is an effective online safety policy in place which outlines such mechanisms in greater detail.
- 14.7 School have an effective filtering and monitoring system to identify online misuse. Reports are received weekly/ daily by **the HT (or whoever)** to action and investigate.
- 14.8 School can use the DfE tool to self-assess against the filtering and monitoring standards and receive personalised recommendations on how to meet them.

Plan technology for your school - GOV.UK

- 14.9 School will keep up to date with developments in the use of Artificial Intelligence (AI) and refer to BwD and DfE support including <https://www.gov.uk/government/publications/generative-ai-product-safety-expectations/generative-ai-product-safety-expectations> to use generative AI safely, ensuring filtering and monitoring systems are applied to AI in education.

15. Domestic Abuse

- 15.1 The Domestic Abuse Act 2021 recognises and considers Children as Victims of Domestic Abuse, if they are witness to incidents whereby, they hear, see and experience domestic abuse and its effects and they are related to either the victim or the perpetrator of Domestic Abuse. The Act enables children to be protected by law and be offered support as necessary. Domestic Abuse Act 2021 ([Legislation.gov.uk](https://www.legislation.gov.uk/ukpga/2021/32/contents))
- 15.2 Children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members.
- 15.3 We recognise that experiencing domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children and therefore offer appropriate support to children and families who experience domestic abuse supported by Operation Encompass.

16. Operation Encompass / PSRs (Police Safeguarding Reports)

- 16.1 Operation Encompass is a police and education early intervention safeguarding partnership which ensures that a child's school is informed by the police when there has been an incident of domestic abuse to which the child or young person has been exposed.
- 16.2 School will also receive Police Safeguarding reports (PSRs) following police attendance at any incident of a safeguarding nature involving family where children are present. These are detailed accounts which should **only** be shared in their entirety with DSLs.
- 16.3 When an Operation Encompass notification is received by school it is transferred onto school's recording system with actions linked to the notification - CPOMS and the child's individual chronology with actions linked to the notification.

- 16.4 Upon Receipt of a PSR, this should **not** be copied in its entirety onto the child's record. However, a summary of the information and any actions taken can be recorded on the child's file, for example 'PSR received regarding an assault in the property - XX witnessed'.
- 16.5 The DSL, alongside the Family Wellbeing Coordinator and class teacher, will conduct an individual assessment of the child's needs and decide on any school routine modifications that need to be made.
- 16.6 If there are additional concerns around the child's safety and wellbeing due to being aware of previously unknown information, a referral to the MASH will be made.

17. Honour Based Abuse

- 17.1 Honour Based Abuse (HBA) encompasses incidents of crimes which have been committed to protect or defend the honour of the family and /or the community, including female genital mutilation (FGM), child marriage, and practices such as breast ironing. [Female Genital Mutilation](#)

18. Child Exploitation and Child Criminal Exploitation

- 18.1 CSE occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity either in exchange for something the victim needs or wants and/ or for the financial advantage or increased status of the perpetrator or facilitator.
- 18.2 CCE is where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child into criminal activity.

[Child Sexual Exploitation and Child Criminal Exploitation](#)

Child sexual exploitation - *Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.* Working together to Safeguard children: DFE December 2023 p.54

Child criminal exploitation - *As set out in the Serious Violence Strategy 2023, published by the Home Office, where an individual or group takes advantage of an imbalance of power to coerce, control, manipulate or deceive a child or young person under the age of 18 into any criminal activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial or other advantage of the perpetrator or facilitator and/or (c) through violence or the threat of violence. The victim may have been criminally exploited even if the activity appears consensual. Child criminal exploitation does not always involve physical contact; it can also occur through the use of technology.* Working together to Safeguard children: DFE December 2023 p154

19. Neglect

- 19.1 Neglect is the persistent failure to meet a child's basic physical and/ or psychological needs, likely to result in the serious impairment of the child's health and development.
- 19.2 Neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect from physical and emotional harm or danger, ensure adequate

supervision (including the use of inadequate care givers); or ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

- 20.2 Localised support including assemblies and workshops for children are provided by the Local Prevent Education Officers and the Community Safety Team.
- 20.3 A Prevent Risk Assessment and associated documents are used in school, with support for the Prevent Team as required, to assess and manage risks relating to radicalisation. This can be found in [Newfield's Prevent Strategy and risk assessment](#) documents.

- Advert

- 21.3 Appropriate pre-employment vetting and checks will be undertaken to help identify whether a person may be unsuitable to work with children or is legally prohibited.
- 21.4 All offers of appointment are conditional until satisfactory completion of the mandatory pre-employment checks. These are:
- Verification of a candidate's identity
 - An enhanced DBS check (including children's barred list information, for those who will be engaging in regulated activity with children)
 - When using the DBS update service, the original physical DBS certificate will be checked
 - Verification of the person's right to work in the UK, including EU nationals.

 - A check to see if a section 128 direction has been issued for an individual participating in the management of the school (if an independent school, including academies and free school) or holding or continuing to hold office as a governor of a maintained school.

- 21.5 A single central record of pre-appointment checks is maintained
- 21.6 The single central record includes all staff, including teacher trainees on salaried routes, agency and third-party supply staff, even if they work for one day.
- 21.7 For independent schools, the single central record must also include all members of the proprietor body. In the case of academies and free schools, this means the members and trustees of the academy trust.
- 21.8 The single central record indicates when pre-employment checks have been carried out or certificates obtained, and the date on which each check was completed, or certificate obtained.
- 21.9 Written notification is obtained from any agency, or third-party organisation, that they have carried out the checks on an individual who will be working at the school or college that the school or college would otherwise perform, including supply staff.
- 21.10 This written notification confirms the certificate has been obtained by either the employment business or another such business.
- 21.11 The date this confirmation was received and whether details of any enhanced DBS certificate have been provided in respect of the member of staff is included on the single central record.
- 21.12 Where the agency or organisation has obtained an enhanced DBS certificate which has disclosed any matter or information, a copy of the certificate is obtained from the agency.
- 21.13 The details of an individual are removed from the single central record once they no longer work at school.
- 21.14 School does not keep copies of DBS certificates.

- 21.17 The identity of contractors is checked on arrival at the school.
- 21.18 When applicants for initial teacher training are salaried by the school, we ensure that all necessary checks are carried out. This includes an enhanced DBS check with children's barred list information when trainee teachers are engaging in regulated activity relating to children.
- 21.19 Assurances are obtained that the appropriate level of DBS check has been undertaken for visitors who attend school in a professional capacity. Their ID is checked upon arrival at school.
- 21.20 When such assurances cannot be obtained, school will check the DBS certificate and corresponding ID.
- 21.21 Risk assessments are undertaken on all volunteers working at the school.
- 21.22 All governors have an appropriate level of DBS check.
- 21.23 New checks on existing staff will only be undertaken when:
- An individual working at the school moves from a post that was not regulated activity with children into work which is regulated activity with children.
 - There has been a break in service of 12 weeks or more, or

- Is inconsistent with the staff code of conduct, including inappropriate conduct outside of work and
 - Does not meet the harm threshold or is otherwise not serious enough to consider a referral to the LADO.
- 22.4 All staff are clear about what appropriate behaviour is and are confident in distinguishing expected and appropriate behaviour from inappropriate, problematic or concerning behaviour, in themselves and others.
- 22.5 All staff will report any low-level safeguarding concerns to the DSL (or a nominated person (such as a values guardian/ safeguarding champion)), or with the head teacher/ principle.
- 22.6 Unprofessional behaviour is challenged, and support is given to the individual to correct it at an early stage.
- 22.7 Low-level concerns are managed sensitively and proportionately.

23. Our School Commitment

The Governors, staff and volunteers of Newfield School regard each child as a unique individual. We seek to support children's development in ways which foster security, confidence and independence. We recognise that high self-esteem, peer support, a secure environment and clear lines of communication with trusted adults help all children and especially those who are suffering or who are at risk of abuse and neglect. As these factors are considered to be central to the wellbeing of children they are an intrinsic part of all aspects of our curriculum and ethos.

Everyone who works with children and young people at Newfield is mindful of the fact that children with disabilities, including learning disabilities, are particularly vulnerable to all forms of abuse and neglect for many reasons. For example:

- Multiple Carers
- Care in different settings
- Limited communication
- Intimate care, especially invasive procedures

- Emotional ‘blocks’ that exist in the minds of professionals

At Newfield we take full account of and seek to reduce this increased vulnerability by:

- Safer recruitment practices
- Full induction
- Regular safeguarding training and updates
- Regular training and development of Designated Senior Lead (DSL)
- Review of policy and procedures

At Newfield we seek to prevent abuse and raise awareness amongst the children and parents with whom we work by:

- Wellbeing Plans
- Robust policies and procedures (including Accident and Incident Recording and Reporting via CPOMS)
- Parent Groups and Workshops
- Parents involved in school governance
- School Governing Body
- School Council
- Multi-agency working
- Curriculum
- Training and development
- Safeguarding supervision for SLT, teachers and HLTAs

Newfield School is committed to providing a safe, caring and welcoming environment where every child is able to reach their full potential free from harm, abuse and discrimination. All staff and volunteers are expected to discharge their safeguarding responsibilities effectively and recognise that high self-esteem, confidence, peer support and clear lines of communication with trusted adults helps all children, especially those at risk of or suffering abuse, to thrive.

Appendix B - Pan Lancashire Continuum of Need

Parts 1 and 2 of Working Well with Children and Families in Lancashire provide guidance to assist all those whose work brings them into contact with children, young people and their families (including the unborn child) to identify the level of help and protection required to ensure children grow up in circumstances that achieve their best outcomes.

Level 1 needs - Universal

- **Most** children, young people and families will experience challenges in their lives that impact on their wellbeing. **Most** families will be able to weather these challenges (are resilient to them) either without help from services, or with advice, guidance and support from universal services, including empathy and understanding.

Level 2 needs - Universal Plus

- **Some** children, young people and families will need support from people who know them well and have established relationships with them to meet some challenges where advice and guidance has not been enough to help the family achieve change or where a child or young person needs additional support to help them to thrive.

Level 3 needs - Intensive

- **A small number** of children, young people and families will experience significant difficulties and will need coordinated support from experts working with them to find sustainable solutions that reduce the impact of challenge on the wellbeing and development of children and young people.

Level 4 needs - Specialist

- In **exceptional** cases families need specialist, statutory support that is designed to maintain or repair relationships and keep families together wherever possible. In some very specific circumstances, the needs are so great that children need to be away from their family to ensure that they are protected from harm and in these circumstances the local authority becomes their “corporate parent”.

Each local authority area covered by Working Well with Children and Families in Lancashire has its own Part 3 which sets out local services and how these can be accessed. All of the documents can be accessed here:
